STUDIES WILL BE RESUMED

—ON—

WEDNESDAY, SEPTEMBER 3d, 1890.

General Statement.

ST. JOHN'S COLLEGE enjoys the powers and privileges of a University, and is conducted by Jesuit Fathers. It is situated at Fordham, in the picturesque and healthy part of New York County, between the Harlem River and Long Island Sound, and is reached in thirty minutes by the Harlem trains, which leave the Grand Central Depot every half-hour; it is easily accessible at all hours and seasons, either by private conveyance over the great boulevards, Second or Third avenue Elevated Road; or by the horse-cars which lead to the gate at the foot of the College lawn.

The grounds are extensive, well laid out for College purposes, and afford uncommon facilities for athletic sports, for bathing and skating. Ample opportunities are also provided for indoor amusements. The buildings are spacious, heated by steam, thoroughly ventilated, lighted by electricity, and supplied with modern conveniences. Next September will be ready for occupancy the large stone building now in course of erection, which will be then thrown open for the exclusive use of the Middle Division. Alongside of First Division building is rising another massive edifice, which will go far towards completing the plan adopted by the authorities some years ago. These two buildings are imperatively demanded by the rapidly increasing number of students, and will enable St. John's not only to accommodate thrice the present collection of students, but, moreover, will augment the facilities for pushing ahead more

energetically towards perfect equipment in the three departments of Letters, Science and Commerce. *These additional accommodations will allow us to give private rooms to the members of the Senior and Post-Graduate Classes.*

The Chemical Laboratory, the Philosophical Apparatus, and the Cabinet of Natural History occupy a separate building; considerable additions are made yearly to this department. Besides the College Library, which contains 30,000 volumes, there is a Circulating Library of over 6,000 volumes, especially adapted to the needs of the Students.

INSTRUCTION.

The Collegiate year is divided into two terms; the first begins the first week of September, the second on the first of February. The best time for admission is at the beginning of either term, but applicants may be received at any time during the year. Candidates for admission, whether coming from their homes or from other Colleges, are required to present testimonials of good moral character. They are examined by the Prefect of Studies, and placed in the class to which they are entitled by their attainments.

The scholarship of each Student is determined by weekly competitions in the different branches of study, and by examinations. There are two examinations of all the classes every year, one at the end of January and the other at the end of June. In each of the semi-annual examinations the several classes are examined in all the branches studied during the previous half-year. Any Student failing in the January examination descends to a lower class, unless he makes up for the deficiency within a specified time, besides keeping up with the class in its regular work; failure in the June examination debars a Student from advancement to a higher

class. A Student failing in any branch at either of the examinations is not a full member of his class, so long as he does not make up for the deficiency. Testimonials are awarded for superior success in these examinations.

At the beginning of every month the standing of each Student for conduct and success during the previous month is publicly read out in the College Hall, and testimonials are given to those who have attained the specified degree of excellence.

A record of the weekly competitions, of the monthly standing, and of the general examinations of each Student is kept in the books of the College, and a report of the month's work is sent to each Student's parents or guardian.

Medals, prizes, and honors are awarded at the Commencement, and published in the annual catalogue; for proficiency or general excellence, they are determined by the sum of the year's work; for success, by the monthly standing; for conduct, by the votes of the students; for scholarship in the several branches of study, by competitions held throughout the year. No one deficient at either of the general examinations may compete for prizes or honors.

The degree of Bachelor of Arts is conferred at the close of the College course. The degree of Bachelor of Science is given at the end of the Science course. The candidates for this honor are required to undergo an examination in Natural, Mental, and Moral Philosophy, in Evidences of Religion, in the Philosophy of History, and in higher mathematics. Such candidates must also give evidence of having attained a specified standard in Greek, Latin and General Literature.

Graduates who desire a fuller mental training may, in the Post-graduate class, pursue the study of Natural Law and of other

branches of higher education. This second year is of the greatest importance to young men. At the end of this year the degree of Master of Arts is conferred, after a satisfactory examination.

DISCIPLINE.

The rules of the college have for their sole end to strengthen and develop the moral character and to secure the order essential to a successful pursuit of learning. These rules, which are read and explained to all, must be accepted and observed faithfully. The manner of enforcing them is firm, yet mild and paternal, and appeals especially to honor, to conscience, and to religion.

The students form three distinct divisions according to age. Each division has its separate study-halls, dormitories, and play-grounds, its own gymnasium, billiard and reading-rooms.

The U. S. Government has detailed an army officer to give instruction in military drill and tactics to all the Students. Military drill is obligatory on all the students, except the members of the class of Latin Philosophy. The students of the Middle and Lower Grade are obliged to wear a Cadet Undress Uniform, similar to that in use at West Point.

The correspondence of Students is under the supervision of the College authorities. No books, papers, periodicals, etc., are allowed among the Students until they have been examined and approved.

The visiting days are Sunday afternoons and Thursday in Summer; Sunday, Tuesday, and Thursday afternoons in Winter.

The Students may go home for the Christmas vacation if the Parents so desire. Notice will be sent when the Students are to leave and to return. No Students are allowed home at Easter or on Thanksgiving Day, the Feast of the Immaculate Conception, Sodality Day (Feb. 2), Washington's Birthday, Shrove Tuesday, St. Patrick's Day, Decoration Day, or on Rector's Day.

The Summer vacation begins on the last Wednesday in June and closes on the first Wednesday in September. There is a vacation of one week at Christmas, but none at Easter.

It is of the utmost importance that Students be present every day of the Collegiate year. Absence subjects them to the loss of marks and adds to the difficulty of obtaining prizes and honors. Permission, therefore, to visit New York City or home *is granted only at the request of parents or guardians*, and for reasons deemed imperative by the President. Moreover, all Students are required not to stay at home beyond the time allotted for vacations, as competition for prizes begins immediately. The attention of parents and guardians is especially called to these regulations, and their co-operation is earnestly solicited.

The ordinary causes of dismissal are: Insubordination, continued inapplication to study, and bad conduct.

LITERARY SOCIETIES.

St. John's Historical Association.

This Association was organized March 26th, 1862. Its object is to promote the investigation and diffusion of historical truth. Regular meetings are held semi-monthly. The moderator is appointed by the Faculty. The President and other officers are elected semi-annually by the members.

A Gold Medal, worth fifty dollars, is yearly awarded to the writer of the best biographical essay on some eminent Catholic layman of the present time or of past ages. This prize originated with the Most Rev. John Hughes, Archbishop of New York. Since it was suggested by that illustrious prelate, the medal has been given every year by friends of the College.

We would respectfully suggest to the friends of the College a very good and honorable work, namely, the founding of prizes and scholarships. Such foundations would stimulate young men to greater ardor for serious studies, and, while showing the public spirit and zeal of the founders for education, would enable the College to bestow higher rewards on successful exertions.

THE MILITARY DEPARTMENT.

In accordance with an Act of Congress an officer of the United States Army is detailed for duty at the College as Professor of Military Science and Tactics. The War Department furnishes the College with the necessary arms and equipments.

All Students, except those of the graduating classes, are required to attend drill once each week. For this no uniform is necessary. Besides this there is a Cadet Company with optional membership. Its members drill three times a week in uniform. Its officers are selected from the Cadets most distinguished for soldierly bearing and proficiency in drill and tactics. The uniform adopted is similar to that worn at the U. S. Military Academy at West Point, and costs, complete, somewhat less than an ordinary dress suit. It can be worn at all times, so that it is not necessary to be provided with two outfits of clothing.

The advantages of this kind of exercise, even for physical culture, are such as easily recommend themselves to the consideration of parents or guardians.
